The Chairman's report was published on the website in advance of the meeting and remains published on the website. The Chairman added an encouragement to the meeting to register on the Easyfundraising site as a way of helping to raise funds for the club.
4. Treasurers Report
The Treasurer presented the accounts up to the end of September 2019 and these were proposed to the meeting by RS and seconded by MG and duly adopted by the meeting. He reported that despite significant spending last year on the clubhouse and pitch, the club remained basically in good financial health, but with a significantly reduced reserve. Income has increased significantly (due in large part to the auction) and expenditure has increased by a similar amount due to the increased costs associated with the engagement of a professional groundsman. To meet the demands of the future planned renovations, the club would need to raise approx. £8,000 during the course of the season. The Management Committee however was recommending that club subscriptions should remain at the same rates as last year.
5. Secretary's Report
The Secretary's report was published on the website in advance of the meeting and remains published on the website. The Secretary added the importance of getting club subscriptions in early in the season to allow the club the cash flow it will need for any early season expenditure that is required.
