

Ridgebears 1sts at Long Marston, about two weeks ago on 18th May

We lost: we got 122 and they got them quickly and didn't lose many wickets

Why this match report now? I was too depressed at the time to put pen to paper but a fortnight later Dakes complained that there had been no match report.

I didn't even know he could read.

I replied that we had got absolutely stonked and that nothing funny had happened.

"Yes it did" said Dakes "I got hit on the head".

Yes, that had been hilarious, especially as the umpire then gave him out caught.

Thus it is that we now have an extremely funny match report and I hope you don't all die laughing.
